

ABOUT BIS

School, student life, and so much more.

BIS is an international English-speaking continuum school located in northern and central Munich. It is one of the few fully accredited IB World Schools in the world, and is authorized to teach children from Pre-Reception (4 years old) to Grade 12. BIS students then graduate with the globally renowned International Baccalaureate Diploma.

BIS Campus
Haimhausen

About 1075 students are currently enrolled at the two BIS campuses: in Haimhausen, a primary and secondary school are located within the grounds of a beautiful rococo mansion, which dates back to the year 1666. In January 2016, a second primary school opened its doors to BIS students in the very heart of Munich, making BIS the first IB World School in central Munich.

INTERNATIONAL
SCHOOL e.V.

WHY GIVE?

Our children deserve the very best.

Inspiring and challenging young minds.

Bavarian International School e. V. aims to raise children to become life-long learners by taking risks, reflecting on their experiences and preparing for their futures. BIS would also like to prepare the school for the future and to ensure that BIS can offer its students everything the staff and the children are inspired to achieve, create, and discover.

The BIS tuition fees are calculated in order to cover all necessary on-going costs, such as the staff salaries and keeping the students' environment in excellent condition. Due to subsidies received from the Bavarian government and since BIS is a non-profit organization, the range of possible investment or saving forms is very limited. BIS wants to continue to stay affordable for the parents and therefore, raising fees to be able to make additional investments in our school is not an option.

BIS strives to provide our students with the very best education possibilities, as well as a caring environment, in order to fulfil their individual potential. Your donation to the newly founded BIS Annual fund affects the children directly. By helping BIS to enhance its curriculum and co-curriculum, you are enabling the future leaders to discover and explore even more of what the world has to offer.

Help BIS prepare our students for the world of tomorrow and leave a lasting legacy behind. Whether it is for the benefit of your own child, or as a thank you for BIS's commitment to international-mindedness and each students' happiness and bright future.

We at BIS heartily appreciate your generosity and dedication to our school and community.

Make a specific project, programme or event happen at BIS.

Support the countless parent volunteers at our school.

Enable BIS to continue to welcome new international families in Bavaria.

Make children's lives more colourful, powerful, and eventful.

Make a long-lasting investment for your children and the generations to come.

Make sure BIS can quickly and flexibly adapt to changes in society, environment, and economics.

Thank BIS and its faculty for the dedication that is shown to every BIS family.
